"This IS a game changer!"

*This **IS** a game changer!*

The Home Builders Association of Tennessee is proud to announce the Home Builders of Tennessee Benefits Trust (HBATBT). A healthcare solution that gives you and your employees access to quality healthcare benefits.

*See the doctors you trust and
save money too!*

The HBATBT health plan looks just like a traditional health plan to employers and employees but with competitive pricing, customized plan options and dedicated concierge customer service.

The HBATBT benefit plans include all essential health benefits as required by the affordable care act and meet or exceed all Federal and State requirements

Finally, a health care solution for members of
the Home Builders Association of
Tennessee

It's just that simple...

The HBATBT has been exclusively developed by the Home Builders Association of Tennessee to help their members and families to battle the increasing cost of healthcare benefits.

The HBATBT is a private not for profit trust that utilizes the buying power of its association members as a combined group to purchase comprehensive healthcare benefits at extremely competitive rates.

The HBATBT is compliant with the Affordable Care Act. With higher prices looming over our heads, NOW is the time for us to join together and take control of our own health care benefit plan.
